

## AUSTRO-GERMANS CAPTURE WARSAW

### Bavarian Troops Under Prince Leopold Take Over Capital

### RUSS SITUATION SERIOUS

### Whether Whole Russian Army Will Reach New Positions Is Problematical

### PREPARE TO EVACUATE RIGA

LONDON, Aug. 5.—The Germans are in possession of Warsaw, capital of Poland and the third largest city in the Russian empire. Bavarian troops entered the city today, having taken successively the Blonie lines and the outer and inner fortresses of the city itself, the Russians only fighting rear guard actions to allow their main army to make good its escape.

While the Bavarians, commanded by Prince Leopold, has fallen the honor of taking over Warsaw in the name of the German emperor and his consort, who are expected to make a state entry within a few days, the real conquerors are the troops fighting under Field Marshal von Hindenburg, along the Narva river to the northeast; to the Austro-Germans who crossed the Vistula to the south of the city and to the armies of the Austrian Arch Duke, Joseph Ferdinand, and the German Field Marshal, von Mackensen, which are advancing northward between the Vistula and Bug rivers.

Steadily Press Russ Back.  
The Russians are fighting desperately and stubbornly to check the progress of these four armies and have had several successes, inflicting heavy losses on their pursuers; but they are being steadily pressed back.

Even now, although the steadiness of the Russian troops and their fierce counter attacks have gained much valuable time for them, it is problematical whether the whole Russian army will succeed in reaching the new positions chosen for it, or whether, if it should get there, it will not find those positions turned by the Austrians who have crossed the Bug southeast of Chelm and the Germans under Generals von Scholtz and von Gallwitz, who have crossed the Narva.

At the northeastern end of the line the Russian communications are further threatened by Gen. von Buelow, who is advancing toward Dvinsk on the Vilna-Petrograd railway.

Austro-Germans Set Three Traps.  
Indeed, the Austro-Germans have set three traps to catch and destroy the Russian army. None of them was sprung, but one was so near to closing that Grand Duke Nicholas was forced to evacuate Warsaw and now is fighting with all his might to prevent the others from cutting off his retreat.

Thus far he seemingly has been successful, for although the Germans claim the capture of a large number of prisoners, the aggregate is small when compared with the immense forces engaged. In addition the Russian guns apparently are well on their way to the rear.

From refugees who left Warsaw some days ago and have arrived at Moscow, it has been learned that Warsaw even at that early date had been denuded of virtually everything that might be useful to the Russians. Factories had been stripped of their machinery and all war stores moved into the interior of Russia and the government of the city left to the Polish population.

Prepare to Evacuate Riga.  
The Russians also are preparing to evacuate Riga, the port on the gulf of that name in the north. The arrival of the Germans ten miles south of that city already has been the cause of the civilian population departing.

While expressing the fullest confidence in the future, the British military attaches make no attempt to belittle the achievements of the Teutons or the effect their success is likely to have in the Near East and in the west.

Since early in May, when they started their great counter offensive in western Galicia against the Russians, who were debouching through the Carpathians onto the plains of Hungary, the troops of the Germanic powers had cleared the Russians out of Galicia, with the exception of a narrow strip of territory in the southwest, have recaptured Przemyśl and Lemberg, taken Lublin, Chelm and Warsaw and are in military occupation of virtually the whole of Poland.

Next Move a Matter of Conjecture.  
What their next move will be is a matter of conjecture. Some military observers believe they will continue to attack the Russians in the hope of finally crushing them—a task which, it is considered, is rendered difficult by the fact that the Russians in their retreat lay the country in waste, making it necessary for the invaders to bring up every ounce of food required for their army.

Others of the observers think Serbia will be attacked, so as to im-

## HALPIN TESTIFIES FOR DEFENSE IN TRIAL OF FORMER DETECTIVES

Former Chief of Chicago Detective Bureau Denies in Detail Every Charge Against Him by Bertsche.

Chicago, Aug. 5.—John J. Halpin, former captain of police and chief of the detective bureau, denied every charge in detail made against him by C. P. (Barney) Bertsche, alleged "fixer" for the "clairvoyant trust," when he testified today for the defense in the trial of former Detective Sergeants Walter O'Brien and William Egan, charged with accepting bribes for the protection of criminals.

The witness said he first saw Bertsche eighteen years ago when he was arrested but never became acquainted with him until 1912. He denied having ever talked with Frank Ryan, head of the clairvoyants and said that he never received any money from Bertsche, Ryan or any other criminal.

Under cross examination the witness admitted being discharged from the police department in 1889 and engaging for a time in the saloon business. Later he was reappointed and promoted to the rank of captain.

The witness also admitted he is at present under indictment for alleged bribery and operating a confidence game in connection with the protection of the clairvoyants and other criminals.

## DETECTIVES BELIEVE BANDIT FOLLOWED TELLER INTO BANK

Grilling of Employees in Cedar Rapids Bank Ends to Rumors That the Theft Was Committed From the Inside.

Cedar Rapids, Ia., Aug. 5.—Detectives working on the \$20,000 robbery at the Cedar Rapids National Bank Wednesday morning, are now of the belief that the robber followed Teller Leo Perrin through the door of the bank as the official entered, waited in the ladies retiring room until conditions were right, then made his appearance with a leveled gun and coolly filed his pockets with the bank's currency.

The idea that the bandit walked throughout the night in the basement of the bank to commit the robbery has practically been abandoned.

The police dragnet, thrown out immediately after the robbery, has resulted in the holding of a dozen suspects, but none of these can be identified by Teller Perrin.

A thorough grilling of all the employees in the bank at the time of the robbery has also put an end to the rumors that the theft was committed from the inside. Detectives tonight stated that they were as much in the dark as ever as to the identity of the robber.

## SUFFRAGISTS ASK SECRETARY WILSON TO AID AMENDMENT

SAN FRANCISCO, Aug. 5.—Fifty members of the Congressional Union for Woman Suffrage marched into the presence of W. B. Wilson, secretary of labor, today, at the Pan-Pacific exposition and asked his support for a constitutional amendment for equal suffrage. They preceded the request with several speeches.

Secretary Wilson expressed himself as favoring votes for women but declined to commit himself as to the proposed amendment. He pledged his support to suffrage in Pennsylvania, his home state.

## RELEASE WATERLOO MANAGER

Waterloo, Ia., Aug. 5.—Manager Andrews who has managed the Waterloo Central Association team for two years, leading the team to first place last year, was released by the directors today and Eddie Brennan, catcher, appointed in his place. Inability to get the team out of last place this year and disunion among the directors caused the retirement of Andrews.

## SUSPEND JAMES AT HIS OWN REQUEST

Boston, Aug. 5.—"Bill" James, one of the three pitchers who figured in the Boston National's sensational club in the league race last season, will be of no assistance to the team in its fight to regain the leadership during the next month. President Gaffney announced tonight that James had been suspended at his own request in order that he might go to his home in Seattle, Wash., and rest his pitching arm. Experts who have examined the arm say that only by a complete rest can it be brought back to form.

## DECLARE GENERAL STRIKE.

Utica, N. Y., Aug. 5.—At a meeting held this afternoon at Utica, which was attended by about 1,500 piece workers in the Remington Arms plant, a general strike of all piece workers was declared. There has been no disorder.

## CORONER PLACES ERIE DEAD AT TWENTY-FIVE

### SEARCH FOR BODIES OF VICTIMS IS PROGRESSING SLOWLY

City Officials Believe It Will Be a Week Before Work Is Completed. Total Damage in City and County Will Reach Almost \$7,000,000.

ERIE, Pa., Aug. 5.—The list of known victims of the flood here Tuesday night was brought up to 26 late today by the recovery of two more bodies. Because of the great mass of debris which stretches for two miles along the Mill Creek valley, the search for bodies is progressing slowly and city officials believe there will be at least a week before the work has been completed. Fifteen persons are known to be missing and Coroner Hanley said he thought the death list might reach seventy-five.

Figures compiled late today showed that the total damage in the city and county would amount to between six and seven million dollars. Two millions, it was asserted, would not pay for the crops destroyed in Erie county.

### Work to Prevent Pestilence.

Every effort is being made to prevent pestilence from the flood. In the ruins are many bodies of animals and the warmer weather already has caused these to start to decay. Two slaughter houses and several livery stables were in the path of the flood and the bodies of horses can be seen partially covered with debris and in one place nearly a hundred hogs are under a pile of ruins forty feet high. A company of state police arrived here tonight to assist in the rescue work and to patrol the district.

The flood was indirectly responsible for another death tonight when Louis B. Jones, a prominent lawyer, dropped dead of heart disease brought on by his fight in the water of Mill Creek Tuesday night to rescue his wife and two children after their home had been demolished.

One of the bodies recovered this afternoon was found two miles out in Lake Erie.

## DR. FORBES DECLARES HUMAN BEINGS BELONG ON ALL FOURS

Speaker at Osteopathic Convention Attributes Many Ills to the Upright Position.

Portland, Ore., Aug. 5.—"The human being belongs on all four instead of standing on two legs," declared Dr. H. H. Forbes of Los Angeles, speaking today before the American Osteopathic Association here.

To upright position Dr. Forbes blamed various forms of abdominal ill and stomach trouble, spinal affections, heart trouble and broken arches. He said, however, that in time these weaknesses would be overcome.

High steps on streets cars and strap hanging are wrecking the anatomy of the American people, asserted Dr. H. H. Fyette of Chicago.

O. J. Snyder of Philadelphia was elected president of the association at today's session. He won by two votes over Dr. Roberts A. Winerford of Seattle.

## TAKE STEPS LOOKING TOWARD FORMING A JEWISH CONGRESS

NEW YORK, Aug. 5.—Steps looking toward the organization of a Jewish congress to ameliorate the condition of the Jews throughout the world and to obtain political and national freedom for them in Europe after the war, were taken at a mass meeting of Jews here tonight.

Telegrams endorsing the movement were received from many cities in this country and it was announced that Jews in Chicago, Rochester, Washington, Boston and Toronto already had taken steps to join the congress.

## DUNNE ACCEPTS INVITATION.

Springfield, Ill., Aug. 5.—Governor Edward F. Dunne today accepted the invitation to attend the annual governors' conference, to be held at Boston, Mass., August 23. Many questions of state and National importance will be taken up at this conference.

## NEGRO ATTACKS WOMAN.

Kansas City, Mo., Aug. 5.—A large posse led by Sheriff Wilke, of Clay county, tonight was following blood hounds in the direction of Kansas City in search of a negro who attacked Mrs. Henry Stafford, the wife of a farmer near Liberty, Mo., today. The woman was found strapped to a bed and was said to be in a dangerous condition.

## TEAMS WILL RACE AUG. 16.

Kalamazoo, Mich., Aug. 5.—Arrangements were completed here tonight for match races between William and Directum 1, pacers, and Peter Volo and Lee Axworthy, trotters, at the North Randall track, Cleveland, on Monday, Aug. 16. The two matches will be for \$5,000 each, two heats out of three.

## MISSISSIPPI AT FLOOD STAGE.

St. Louis, Aug. 5.—For the fifth time this year the Mississippi river is at flood stage here today. According to the weather bureau the river will continue to rise until tomorrow when it will reach 31 feet or one foot above flood stage.

## WILSON TO CO-OPERATE WITH NAVAL AND MILITARY CHAIRMEN

President Plans to Throw the Entire Weight of the Administration Behind the National Defense Policy Agreed Upon.

Cornish, N. H., Aug. 5.—With the object of developing a program of National defense which will meet with the approval of Congress, President Wilson is planning to co-operate with the chairmen of the military and naval affairs committees of the Senate and House, as well as with Secretaries Garrison and Daniels of the war and navy departments before finally deciding on the recommendations he will make in his next message to Congress.

The president told friends here tonight that while he had made no definite plans for consulting with the chairmen of the committees interested in the question of national defense he would arrange to see them before Congress convenes in order to unite on a single program of action.

When the president sees the chairmen of the four committees he expects to have before him the reports now being prepared by Mr. Garrison and Mr. Daniels. The heads of the war and navy departments are expected to take part in the conference in order to explain their recommendations.

The president already has written to Chairman Padgett of the House naval affairs committee, inviting him to meet him in Washington. The president believes the time has come for the United States to decide on a definite program of national defense and is anxious that as little friction as possible develop over the question when it is presented to the two houses of Congress.

The plan of the president is to throw the entire weight of the administration behind the policy agreed upon. As already indicated, the part of his next message devoted to national defense is expected to be the most important of the entire document. Much thought already has been given by the president to this subject. He is opposed to a policy of "militarism," but thinks the United States should be adequately defended.

The reports of Secretaries Garrison and Daniels are expected to be ready next week and will be submitted to the president by them personally after his return to Washington.

## DUNNE CALLS ON DENTISTS TO ANSWER CHARGES BY SATURDAY

Executive Hears Charges Against Board Members—At Least Twenty Instances of Alleged Irregularities are Cited in Report.

Springfield, Ill., Aug. 5.—Following a hearing before Governor Dunne today of charges made against two members of the state board of dental examiners—Dr. N. W. Cox of Cairo and Dr. B. A. Smith of Champaign—the two members of the board both of whom are appointees of the present governor, were directed to show cause by Saturday of this week why they should not be removed from office. At least twenty instances of alleged irregularities in the conduct of the affairs of the board have been brought to the attention of the governor and were dealt with in a report to the governor by James H. Burdett of Chicago, chairman of the state civil service commission, who investigated the charges. In one case Dr. L. A. Brazell of Naperville, Ill., declares he was given a grade of 79 at an examination held June 15, 1915, ten points higher than Dr. Smith told him he received after he had agreed to pay Smith \$50 for changing the figures.

Another instance dealt with in the report of Mr. Burdett is where Dr. Cox and Dr. Smith agreed to give Dr. S. T. Petru of Chicago a state license for an alleged consideration of \$500.

## KNIGHTS OF COLUMBUS END MEET.

Seattle, Wash., Aug. 5.—The thirty-second annual convention of the Knights of Columbus ended today, the final business being the choosing of Davenport, Iowa, as the convention city for next year.

Most of today's sessions were given over to considering the report of the committee on laws.

## FUNSTON ORDERS ARTILLERY TO NOGALES

Douglas, Ariz., Aug. 5.—Major General Funston, commanding border troops, has ordered a battery of that battery of four inch guns, 160 infantry and one troop of the 10th cavalry at Nogales. It is understood that a battery of four inch guns, 160 men and 70 animals will leave here tonight.

## RESOLUTE DEFEATS VANITIE.

Newport, R. I., Aug. 5.—The Resolute defeated the Vanitie today in the special event for cup defense yachts, held in connection with the race for the Astor cup by the squadron of the New York Yacht Club. The yachts sailed over a triangular course, a distance of 37 1-2 miles.

Queen Mab won the Astor cup for schooners. The samurai won the Astor trophy for sloops.

## TWO SHIPS ARE SUNK.

London, Aug. 5.—The trawler Grimbarian and the steamer Portia, Liverpool were sunk today, presumably by a submarine. Six of the crew of the Grimbarian were drowned. The crew of the Portia were saved.

## CAPERTON'S REPORT BRIGHTEN'S PEACE HOPES

### STATES BOBA'S TROOPS WILL DIS- ARM AT PORT AU PRINCE

General Blot Leaves For Santo Domingo—Outbreaks Are Reported at Petitgoabe, Miragoave and Jacmel—Authorities Are Directed to Maintain Order.

Washington, Aug. 5.—Hopes for a peaceful settlement of the disturbances in Haiti were brightened today by receipt of a message from Rear Admiral Caperton, commanding the American naval forces at Port Au Prince and Cape Haitien, announcing that the troops of Resolvo Bobo, leader of the successful revolution, would disarm on their arrival at the capital. General Bobo's men are reported on their way from Cape Haitien and to Port Au Prince and should arrive in six days. The following abstract of Admiral Caperton's report was given out:

Blot Leaves Cape Haitien.  
"Gen. Blot left Cape Haitien for Santo Domingo on the morning of the 4th instant. The troops of Gen. Bobo have met with no further resistance in the north of Haiti and Bobo's troops are said to be marching to Port Au Prince, where they will probably arrive in about six days. Gen. Bobo's representatives have promised him his troops will disarm upon arrival at Port Au Prince.

"Although Cape Haitien is quiet, outbreaks are reported at Petitgoabe, Miragoave and Jacmel. The Haitian committee at Port Au Prince have telegraphed the authorities at these places directing them to maintain order and Admiral Caperton is of the opinion that the order of the committee will be effective."

Gen. Blot commanded the military forces of the government overthrow with the assassination of President Guillaume. Officials here inferred from his withdrawal from the country that Blot had abandoned hope of being elected to the presidency.

Await Word From Bobo.  
News dispatches from Port Au Prince today said the national assembly was awaiting word from Gen. Bobo as to whether he desired his office. Assurances that his army will disarm on its arrival at the capital are thought to indicate that there will be no further fighting and that the revolutionists will establish a government.

## MARINES OCCUPY NATIONAL FORT.

Port Au Prince, Haiti, Aug. 5.—The American forces from the battleship Connecticut have occupied the National fort which dominates the town. A proclamation has been posted in all quarters, signed by the president of the revolutionary committee, protesting against the misuse of force against a friendly people.

## DOCTORS IN FRENCH HOSPITAL DISCOVER IDEAL ANTISEPTIC

PARIS, Aug. 5.—Dr. Alexis Carrel, of the Rockefeller institute of medical research, and Dr. Henry D. Dakin, of the Lister institute, have discovered, after exhaustive experiment at the Compiegne military hospital, what they claim to be the ideal antiseptic.

The most powerful antiseptic known to science is hypochlorite of lime but its use is injurious to the tissues, owing to its acidity and it does not keep. Drs. Dakin and Carrel have found these two defects are remedied, respectively, by the addition of carbonate of lime and boric acid.

Wonderful results have been obtained with the new antiseptic and if applied in time it is said to make infection in wounds impossible.

## COMMITTEE PLANS FOR THE BABY CONTEST.

At a recent meeting of the committee, appointed by the Morgan County Medical society to have in charge the baby contest at the chautauqua, arrangements were furthered for the event, which will take place at 2 o'clock Wednesday, Aug. 25. Children to be examined for the first time must be under two years of age. The committee consists of Dr. A. J. Ogram, Dr. Carl E. Black, Dr. G. R. Bradley, Dr. David Reid, Dr. R. R. Jones, of Woodson, Dr. J. B. Perkins, of Franklin, and Dr. Paul Allyn, of Waverly.

## FARMS ARE FLOODED.

Dubuque, Ia., Aug. 5.—Farms on the lowlands of the river hereabouts are flooded, the Mississippi being the highest ever recorded in the month of August.

## DISCUSS DIVERSITY OF SUBJECTS AT CONFERENCE ON EMPLOYMENT

Problem of Unemployed Child Labor, Distribution of Harvest Hands and Needs of Employer are Some of the Questions Taken Up.

San Francisco, Calif., Aug. 5.—A diversity of subjects were discussed today at the United States department of labor's first conference on employment at the Panama-Pacific exposition. W. B. Wilson, secretary of labor, is attending the conference.

The problem of the unemployed, child labor distribution of harvest hands and needs of the employer were some of the questions taken up.

Miss Julia Lathrop, chief of the Children's Bureau, department of labor, said that one of the needs of the country is more effective legislation among the states against unscrupulous employment agencies for the protection of the emigrant. New York, Pennsylvania and Illinois, she said, were the only three states, which had adequate laws in this connection. Enrollment of the unemployed for brief periods in army and navy, was suggested by Ethelbert Stewart, chief statistician of the department of labor, as a plan which would relieve distress among workers and create a reserve of trained men for national defense.

A gigantic plan of road building was suggested by R. H. Norton, supervisor of Los Angeles county, to be conducted and financed by the federal government.

Mr. Norton said interior roads are as necessary and useful as the Panama Canal which the nation financed. He said the country needed at least four transcontinental highways with radiating roads, all of which would furnish employment in times of stress, "enough work for a hundred and fifty years."

## FIVE PERSONS ARE DROWNED WHEN AUTOMOBILE SKIDS INTO LAKE

Three Escape by Tearing Curtains From Car and Leaping to Safety.

Port Sydney, Ont., Aug. 5.—Five persons were drowned near here late today when an automobile in which they were riding skidded on the floating bridge across Long Lake and breaking through the railing, plunged into the water.

The dead:  
Henry R. Alley, head librarian, Ontario Education department, Toronto.

Fred Alley, six years old son of Henry R. Alley.

Miss E. M. Lawson of Toronto.

Angus Lawson of Toronto.

Beverly Swabey of Toronto.

Harold Swabey and Douglas Lawson, boys and John Clark, the chauffeur, escaped by tearing the curtain from the car and leaping to safety.

## FIX MINIMUM WAGE FOR WOMEN OVER EIGHTEEN YEARS OF AGE

BOSTON, Aug. 5.—A minimum weekly wage of \$8.50 for women over 18 years of age, employed in department and other retail stores, is provided for in the report in a special board to the minimum wage committee today. Employees within this classification shall have had one year's experience while inexperienced female workers over 18 years shall receive not less than \$7 weekly, according to the board's finding. Minors between 17 and 18 are to be paid a minimum of \$6 and those under 17 not less than \$5.

## TROTTER DROPS DEAD; DRIVER SERIOUSLY HURT.

Toledo, O., Aug. 5.—Dr. W. A. Barber, of Springfield, O., driving Edna the Great, may die as the result of internal injuries received here today when his trotter dropped dead at the first turn in the track in the 2:16 stake trot in the Michigan Short Ship circuit.

Barber was thrown from his sulky and fell under the horse.

## SPEED BOAT SINKS.

New York, Aug. 5.—The speed boat Ankle Deep II, owned by Count Casimir Mankowski of Lake George, sank in Long Island Sound, off Prospect Point today after she had struck a rock on a trial trip. The count and his mechanic were rescued. The boat was of 500 horsepower.

## SIXTY-ONE HURT IN WRECK.

Ozark, Ark., Aug. 5.—Sixty-one persons were injured when east bound passenger train number 193 and westbound passenger train No. 104 of the St. Louis, Iron Mountain and Southern railway collided at Popping, five miles east of here, late today. Only one was injured seriously. P. P. Davidson, an aged resident of Fayetteville, Ark., received an injury to his back which may prove fatal.

## RETURN JONES TO COLUMBUS.

Danville, Ill., Aug. 5.—Arthur Jones, of Columbus, Ohio, was returned to that city today facing charges of stealing \$6,000 worth of diamonds and forging checks aggregating \$300. He was arrested here on a description furnished by the Columbus police department.

## SCHOONER IS OVERDUE.

Port Colborne Ont., Aug. 5.—The schooner City of Sheboygan, which left Erie, Pa., for this port last Sunday, has not arrived. It is feared the vessel may have been lost in Monday night's storm on Lake Erie.

## TO DISPATCH NEW DEMAND TO MEXICO

### Factions Will Be Given Another Opportunity to Compose Differences

### HEAR FULLER'S REPORT

### Latin-American Diplomats and Lansing Learn of Conditions from Wilson's Representative

### DISCUSSION IS CONFIDENTIAL

WASHINGTON, Aug. 5.—Armed factions in Mexico are to be given one more opportunity to say whether they are ready to make an honest effort among themselves to compose their differences.

### To Dispatch Message Soon.

A message expressing the concerted demand of North and South America that there shall be peace and restoration of constitutional government, addressed to all the Mexican political and military leaders, probably will be dispatched within a few days as one of the first results of a conference at the state department today in which the six ranking diplomats of the Pan-American legion corps participated with Secretary Lansing at the invitation of President Wilson.

While the appeal will be made to all the Mexican leaders it will be intended especially for General Carranza and his followers who are opposed to another peace convention.

### Hear Fuller's Report

Today's conference was given over almost entirely to hearing a report of conditions by Paul Fuller, Sr., of New York who spent several months in Mexico as President Wilson's personal representative. It was understood the ground work was laid for further action tomorrow, which will constitute the first of a succession of moves to end three years' of revolution and chaos.

No action was agreed upon today and it was understood that armed intervention was not mentioned. Plainly it was the intention of the conference to exhaust peaceful means to bring the Mexican factions together, following closely what has been the administration's policy from the first and to make it clear to the world that there is no object other than the preservation of the sovereignty of Mexico and save the distracted country from itself.

### Discussion is Confidential.

At the conclusion the Latin-American diplomats stated they had accepted the invitation with the stipulation that discussion should be confidential until a program had been perfected.

Meeting with Secretary Lansing were Ambassador Naon of Argentina, Dagama of Brazil and Suarez of Chile and Ministers Mendez of Guatemala, Calderon of Bolivia and De la Roca of Uruguay.

Before a program is adopted and put into effect all the Pan-American nations will be asked for their approval.

Before entering the meeting each of the Latin-American diplomats was notified on behalf of General Carranza that it would be futile to suggest restoring the constitutional line or government in Mexico by choosing a member of the Madero cabinet for provisional president, which has been suggested by some of the other factions, notably General Villa.

Herberto Barron, a special emissary from General Carranza, presented to each of the diplomats Carranza's letter of some weeks ago to President Wilson, setting forth one Carranza's claim to the presidency.

This indicated that Carranza had anticipated the probable purpose of the conference and acted promptly to place on record his opposition to stepping aside. One of the outstanding views of the administration has been that the forces which first composed the Constitutionalist movement had become so widely separated that it might be necessary for all the military chiefs to step aside. No Long Discussion With Carranza.  
One point upon which there seemed to be unanimous agreement was that there should be no long discussion with Carranza as there was in the Niagara conference. Carranza will be asked to lay down his arms. The leading of the powers of the world are prepared to follow.

There has been no denial of the suggestion that all the other factions in the event of Carranza's continued rejection of proposals would participate in a conference to name a provisional president and organize a government which would have the moral support of the United States and Latin America.

## LITERBERRY WILL SOON HAVE PICTURE THEATRE.

Movies Will Be Exhibited Twice a  
Week in Show Which Will Open  
About Aug. 15.

Literberry is soon to have a mov-  
ing picture theatre and people of  
that vicinity may witness movies in  
the building now being fitted for  
the purpose across the street from  
W. E. Murry's store. E. J. Hend-  
erson, who in partnership with  
Earl Underbrink, is promoting the  
venture, was in Springfield Thurs-  
day making arrangements for secur-  
ing the films and the theatre will  
be opened about Aug. 15.

The building in question has been  
used by Mr. Murry as an store house.  
On the second story was a lodge  
room. The floor has been removed  
and a large room created of ample  
size for an up-to-date moving pic-  
ture establishment.

The new bill filed by Attorney  
Munro in the Sangamon county cir-  
cuit court for the purpose of stop-  
ping the payment of certain state  
lands makes some interesting  
charges, whether or not the charges  
are substantiated. According to the  
allegations made committees of in-  
vestigation appointed by the legisla-  
ture were lavish in their expenditures  
while taking trips and \$19 tips for  
porters were frequent. Everybody  
seems to have spent state money  
freely.

The charges against Lieut. Gov.  
O'Hara are that he signed vouchers  
for expenditures dated many days  
before the resolution authorizing the  
same were made. The legality of the  
resolution is also attacked and un-  
less this is proven the matter of  
dates will appear as a mere techni-  
cality. The Munro suit may have  
been born of malice or disappoint-  
ment and has caused a lot of incon-  
venience and annoyance but possibly  
some good may come from the dis-  
turbance.

## Her Twelve Reasons.

Usually in filing a bill for divorce  
just two or three reasons are con-  
sidered sufficient by the complaint.  
But a New York woman who re-  
sires separation from her husband  
recently gave twelve reasons for her  
suit and here they are.

1. He broke a firor over her head.
2. He carried a revolver.
3. He chased her with a razor.
4. He pointed the revolver at her.
5. He hit her with a fern dish.
6. He struck her on the head with the butt of the revolver.
7. He was domineering.
8. He had an uncontrollable temper.
9. He would not let her go out after dark.
10. He tore her clothes.
11. He was abusive.
12. He threatened to kill her if she did not enter into a collusive divorce action so he could marry another woman.

## Want Tariff Out of Politics.

The movement to organize for the  
establishment of a commission to  
handle tariff matters and take them  
out of politics is sensible and prais-  
eworthy. It is not a new movement  
and is similar in plan to that advo-  
cated by Taft while president and  
by other leaders. The difference is  
that heretofore the agitation for a  
tariff board or commission has come  
from politicians or political parties  
but the present movement is the re-  
sult of the co-operative action of  
business men, professional men and  
educators.

The general proposition is to have  
labor, agriculture, industry and  
trade represented on the commission  
and to fix tariff rates for the pur-  
pose of the benefit of the country as  
a whole. It is clearly recognized by  
business men that tariff tinkering  
has had a bad effect on business and  
they object to the retarding influ-  
ence that comes at periodic times  
because of tariff changes, made not  
altogether on a scientific and econ-  
omic basis but rather for private,  
sectional or political purposes. Con-  
ditions have been such in this coun-  
try for several years that the ques-  
tion of a tariff commission has an  
emphasized interest.

## The Auto Parade on Good Roads Day

Reference to the announcement of  
the Auto Parade will convince one  
that this promises to be a big day  
acrobatics. The prizes offered Je-  
corated cars are the most attractive  
ever offered in this part of the coun-  
try and already many car owners  
are preparing to enter the competi-  
tion. A parade novel and beautiful  
is promised.

The day will be made a great  
good roads demonstration with an  
afternoon program at the Chautauqua  
of fine music and addresses on roads  
by Pres. Cash of the Illinois High-  
way Commission and Hon. Homer J.  
Tice of the Law fame.

The parade and program will with-  
out doubt attract a great crowd to  
the city. The Fourth of July cele-  
bration at the Park surprised all of  
us by the great number of autos  
there. The auto parade and good  
roads demonstration will attract au-  
tos from all over this section of Illi-  
nois and there will be more cars in  
town that day than ever before.

The farmers of our section are the  
auto owners. They have been busy  
for several months but be-  
fore the Chautauqua their work will  
slacken and they will be ready to  
enjoy a well earned vacation. The  
Chautauqua program is chock full of  
good things but everybody with a  
car will want to see the big parade  
and take part in it even if only to  
show his interest in good roads and  
take a chance on the lucky num-  
ber prizes. Again this Good Roads Day  
will be an opportunity to show one's  
interest in better roads and as State  
and County road officers will be pre-  
sent every car owner should join  
the parade and thus how that he ap-

preciates efforts for road better-

ment.  
Our own business men should ap-  
preciate the promotion of the auto  
parade by the Chautauqua manage-  
ment for it will certainly attract to  
the business section a great crowd of  
people from all over this section of  
Illinois.

## Tending His Own Business.

Somebody over in Hillsboro ad-  
dressed a letter to the editor of the  
Hillsboro News, wanting to know  
why he didn't roast the "card-playing  
society women of Hillsboro for  
spending all their time playing  
bridge instead of tending to their  
home duties". This is what Mr.  
Buss replied: "We do not roast the  
parties to whom you refer because  
we are not trying to set a standard  
of morals for our readers to follow  
and because we really do not think  
it is any of our business what some  
of our society ladies are doing. If  
Bill Jones's wife wants to play bridge  
and Bill does not object, that's their  
concern and not ours or yours, Mrs.  
Christian Citizen. If Bill wants to  
take his wife to a dance or to a  
picture show that is also Bill's busi-  
ness and not ours or yours, Mrs.  
Christian Citizen. There are too  
many people in Hillsboro today try-  
ing to run other peoples' business  
affairs for us to attempt to swell the  
number, and then, too, we do not  
take a great deal of stock in many  
of our local reformers—we know  
too much about them. We once had  
a lady subscriber who was horrified  
because of a physician's advertise-  
ment appearing in this paper and yet  
she never misses reading a line of  
the sensational news that appears  
in the city daily papers. She want-  
ed the columns of the local paper  
kept cleaner than she kept her own  
mind. We had another reader who  
wanted us to leave out the divorce  
suits from this paper and yet, when-  
ever there was a sensational trial at  
the court house she occupied a  
prominent front seat and kept her  
ears cocked up listening for testi-  
mony that would make a cigar In-  
dian blush. No, dear lady, we are  
not in the reform business, only to  
the extent of ourselves and mem-  
bers of our own family."

## Not a Failure of Christianity.

Commenting on the attitude of the  
Chinese toward the Christian propa-  
ganda, in view of the awful and un-  
Christian war, Rev. Chas. L. Storrs,  
one of the American board's staff in  
Shaoan, China, and well known in  
Jacksonville, declares that while  
there may be hostile criticism among  
non-Christian, the Christian Chinese  
feel "that the great war is evidence  
not so much of a failure of Christian-  
ity as a failure of Christians."

Mr. Storrs is an Amherst and Yale  
man and has been in China about ten  
years. Shaoan, the city in which he  
is stationed, is on the Min river, in  
Fukien, a province of some 22,000,-  
000 inhabitants, where Mr. Sher-  
wood Eddy held some of his wonder-  
ful evangelistic meetings last winter.  
Mr. Storrs as well as the other men  
in Fukien declare that many of the  
students and business men in their  
field are ready to become definite-  
ly Christian if only there were work-  
ers enough to lead the way.

In the same mail with Mr. Storrs'  
letter came one from Rev. A. B. De-  
Haan, of Panchwang, in Shantung,  
the district of Japan's recent activi-  
ties. Mr. DeHaan says nothing about  
Japan, but does declare that in his  
district, as well as in that of Mr.  
Storrs, Christianity is coming.

He says: "The whole race is sim-  
ply shot through with the truth.  
Over and over again in talking with  
total strangers, on trains, in the  
country, on the roads, in the cities  
and villages, I discover that Christian  
truth is there already. It is wonder-  
ful to me how the spirit of God,  
working unseen and quietly through-  
out the last century has prepared the  
hearts of many people for the future.  
Believe, me, the greatest time is  
yet ahead."

## WOMEN IN THE NEWS.

Tokio.—The first women's press  
association in the Far East has been  
organized here by Japanese women.  
All of the members are college grad-  
uates. They interview prominent per-  
sonages and write on the different  
phases of the advancement of wom-  
en.

Seattle.—Miss Mary Rauson, assist-  
ant professor of home economics in  
the extension division of the Uni-  
versity of Washington, has been in-  
vited to present the case of the farm wom-  
an before the convention of the Amer-  
ican Bankers' association, to be held  
here next month.

Philadelphia.—The women physi-  
cians of America will answer the as-  
sertion of Dr. Richard C. Cabot, of  
Harvard, and are collecting data to  
prove the incorrectness of his state-  
ment that the average woman doctor  
was a failure and a dissatisfied wom-  
an. The Women's Medical College  
has begun a canvass of its alumnae  
as to their progress in the profes-  
sional world. The college authorities will  
use the information collected to de-  
termine the exact status of the wom-  
an doctor.

Washington.—The investigation  
conducted by the U. S. commission  
on industrial relations has resulted  
in a report that telephone girls of  
the United States are receiving wages  
too low to enable a girl dependent on  
her own energies to maintain a prop-  
er standard of life. Agents of the  
commission have reported from many  
cities, and it is found that the high-  
est wages are paid in Los Angeles  
and San Francisco and the lowest  
in Madison, Wis.

San Francisco.—Lieut. Col. Julio  
Madero, brother of the assassinated  
Mexican president, was a visitor at  
the fair last week. He was accom-  
panied by his bride, who is consid-  
ered one of the most beautiful women  
in all Mexico. The couple had been  
married at Los Angeles, after fre-  
quent interruptions in their romance.  
She was Sonorita Carmen Garcia,

daughter of a wealthy family of So-

norra.  
Chicago.—Ten wealthy Chicago  
women have opened their homes to  
the women of the streets. No experi-  
ment in charity is to be conducted,  
but the welcome will be a cordial  
greeting of the woman who lives  
right to the woman who lives wrong.  
Mrs. Clarence Summy, president of  
the Protestant Women's National  
association suggested the plan, and  
declared her belief that the old idea  
that once a girl is "tainted" she is  
never damned, is utter nonsense.  
The Chicago women who have taken  
this unusual step are among the  
most prominent in the city. Their  
practical attempt to give the women  
of the underworld a chance at the  
better side of life is prompted by the  
theory that all that fallen women  
need are homes.

Nome, Alaska.—Miss Josephine  
Huant, of San Mateo, Cal., waited  
eighteen years for Charles Swanson,  
a mining man, to make his pile up  
here in the Alaska mines. For eigh-  
teen years she had not seen him un-  
til she arrived at Rampart city and  
married the young man she knew in  
California. The wedding two weeks  
ago was a big celebration in Ram-  
part City.

Alaska is not far behind the rest  
of Uncle Sam's dominions, so far as  
its women are concerned. Women's  
clubs are springing up in all the  
Alaska cities, and a federation is be-  
ing formed, to be joined with the  
General Federation when it holds its  
next biennial at New York.

New York.—The third competition  
among young artists, which is this  
year for young architects, is under  
way, and the results will be shown in  
the galleries of Mrs. Harry Payne  
Whitney next month. The young ar-  
chitects will have until Sept. 1 to  
complete their designs.

## FUNERAL SERVICES HELD

FOR WILLIAM GAITHER

Many Friends Pay Last Tribute of  
Respect to Winchester Citizen—  
Personal Mention.

Funeral services for William Gai-  
ther were held from the Christian  
church, Thursday afternoon, at two  
o'clock in charge of Rev. Mr. Pre-  
witt. Music was furnished by the  
church choir. All the funeral ar-  
rangements were carried out as  
made some time ago as Mr. Gaither  
requested, to conform to services  
held for his wife one year ago. Bur-  
ial was made in Winchester ceme-  
tery and the bearers were Charles  
Young, James Andel, William Wells,  
Douglass Campbell, John Young  
and Grant Mader.

## Personal Mention.

Robert Mason and sister Mrs.  
Fannie Argust spent Thursday in  
Manchester with relatives and  
friends.

Francis Wallace left Thursday  
noon for Greenville to visit with  
friends.

Miss Nannie Jackson returned  
Thursday from Jacksonville where  
she underwent a slight operation on  
her nose and throat.

Miss Bernice Owens of Pana is  
expected in the city today for a vis-  
it with Miss Margaret Watt.

Many Winchester people attended  
the big picnic at Alsey Thursday.  
Mr. and Mrs. Robert Woodall  
were Jacksonville visitors Thursday.

## SUDAN GRASS GROWN

IN MORGAN COUNTY.

Samples of Sudan grass were ex-  
hibited Thursday by J. J. Clark of  
601 South Webster avenue, who has  
had the new plant growing for two  
months past and says it is an ex-  
cellent substitute for timothy. Su-  
dan grass comes from Egypt and  
was introduced by the U. S. Depart-  
ment of Agriculture as a valuable  
foage plant. It has high douth re-  
sisting qualities and owing to the  
stooling growth of the grass, is very  
prolific. Several cutting may be made  
each season, the first two months af-  
ter planting. The plants shown by  
Mr. Clark were over six feet in  
height, though in Mississippi Sudan  
grass is said to grow twelve feet  
tall.

## OBSERVING THE WEATHER.

For many years now George H.  
Hall of Alexander has been a vol-  
unteer observer of the weather for  
the government. As a result he has  
compiled records which are of value  
to the country and the community.  
Especially when the weather is un-  
usual the people are continually  
asking what Mr. Hall's records show  
and while they know that his re-  
cords are very carefully and intelli-  
gently kept the query frequently  
comes why doesn't someone in Jack-  
sonville become a weather observer?

The question remains unanswered,  
but the fact is that no one in  
Jacksonville seems to be willing to  
undertake the task of agreeing to  
record weather conditions unflin-  
glingly day after day. There would oc-  
casionally be some slight difference  
between weather records at Alexan-  
der and in Jacksonville but so long  
as Mr. Hall keeps up his accurate  
work it does not seem likely that  
anyone will be found here to share  
honors with him.

# SILOS

Free Money for Silos  
Editorial Jacksonville Journal,  
July 24, 1915.

"A Minnesota bank has just given material evidence of faith in the silo as an influence for the material up-building of farms by offering to lend a total sum of \$15,000 without interest for a certain period to farmers who will use the money in the erection of silos. There are certain conditions of course for the protection of the bank, but the further announcement is made that double the sum mentioned will be appropriated if farmers show the proper interest. The bankers feel that in lending this money without interest for a year or more that they are in a measure casting bread on the water, but feel very sure that it will make them a return later on by the contribution to the established prosperity of the county thus made."

The Farmers State Bank and Trust Co.  
The Bank With the Farm Spirit.

## SILOS

Our Advertisement in Courier and Journal  
March, 1915

"Said a well known silo dealer a few days ago to our Cashier, Farmers who contemplate purchasing silos this year ought to get ready now. If any of your farmer customers buys a silo of men and gives me his note therefor, will you cash the note?"

"Our Cashier replied, 'No, we will not cash the note. We will do better than that. If any of our farmers wants to buy a silo and has not the ready money to pay for it, we will lend him the money at attractive rates.'"

"Our President overheard the conversation and added, 'We will go farther than that. If ANY farmer around here who is making good wants to buy a silo and has not the ready cash to pay for it, we will lend him the money at attractive rates—we could do the same thing to help him buy cows—for we are in position to lend farmers for the legitimate expansion of their business.'"

## SOCIAL EVENTS

Missionary Society  
of Baptist Church.

The regular meeting of the Woman's Baptist Missionary Union of the First Baptist church was held Thursday afternoon, with Misses Emma, Nettie and Laura Hayden on Grove street. Twenty-four members were present and two visitors. Mrs. Mary Springer, president of the society, was in charge of the program and the devotional services were conducted by Mrs. A. E. Goltra. Prayers were offered by Miss Blunt and Mrs. Richardson. Good reports were read from the secretary and treasurer.

Mrs. Springer told of "Woman's Baptist Work in Illinois". The discourse was highly instructive and heard with unusual interest and profit. Miss Ruby Norton, who has recently graduated from the Mission Training school in Chicago, was among those present and told of the work of the school in a most helpful way. Miss Norton leaves soon to take up work among the Cree Indians in Montana. A quartet composed of Miss Laura Hayden, Mrs. J. P. Brown, Mrs. Dennis Schram and Miss Etta Massey gave an enjoyable number.

Elegant refreshments were served and the next meeting will be the first Thursday in September at the home of Mrs. Schram. It will be a birthday social and be held in the evening.

Strawn's Crossing  
Country Club.

Mrs. Charles Curtis entertained the Strawn's Crossing Country club recently and a very pleasant afternoon was spent. Mrs. Austin King read a paper on "Our Grand Men and Women of Today". Mrs. Frank Green gave a paper on "The Value of Fruit as a Food". Miss Helen Bennett played a piano solo. During the hours refreshments were served. The next meeting will be in two weeks with Mrs. William Davies.

of Brooklyn Church.

The Ruby Social class of the Brooklyn church held its regular meeting at the home of their teacher, Mrs. Harry E. Clemens, 225 East College avenue, Thursday afternoon. ## FUNERALS

Bloyd.

The funeral services of Emmerson Bloyd were conducted Wednesday morning at 10:30 o'clock from the M. P. church in Bluffs in charge of Rev. M. O. Beebe. Burial was made in the Exeter cemetery.

Mr. Bloyd was born near Beardstown Feb. 9, 1840 and was 75 years of age when death came. He was a veteran of the Civil war, being a member of Company I, of the 129th regiment of Illinois volunteers. He married Mrs. Martha Atwood, Nov. 23, 1893 and she survives him and one son and daughter, Mrs. Tina Arnold of California.

Boxell.

The funeral of Mrs. Robert Boxell was held Monday morning at ten o'clock in Van Buren, Indiana and burial was made in the cemetery there. Mrs. Boxell was the mother of D. C. Boxell of this city and he and his wife have returned from attending the services. They were accompanied home by Mr. Boxell's father, who will make his home here for a while.

Mrs. Boxell suffered two strokes of paralysis and for the last six weeks had been seriously ill. Although suffering a great deal she showed great christian fortitude. She was conscious up to the end.

She was 82 years of age and Mr. Boxell is 87 years of age. They had expected to celebrate their 50th wedding anniversary Nov. 2, this year, if Mrs. Boxell had lived. The family had resided in their present home since their marriage. Mr. Boxell was a member of the Christian church, having joined when she was 14 years of age and had been a consistent member ever since.

Besides her husband and son residing here, the deceased left one daughter, Mrs. Edna Landes, of Marion, Indiana.

carefully outlined by the president but they have not been disclosed.

An important part of Mr. Fuller's report to the diplomats today concerned negotiations with other Mexican leaders conducted during the last two months by agents of the Washington administrations including Mr. Fuller himself.

The results of conferences with General Felipe Angeles Diaz Lombardo Manuel Bonilla and General Villa were disclosed. All were favorable to the general plan. Villa expressed his willingness to eliminate himself if peace can be assured. Thus the preliminary negotiations necessarily revolve around Carranza. Upon his answer much depends as to the nature of the final plans.

## MATRIMONIAL

Johnson-Engel.

F. G. Johnson and Mrs. William Engel were united in marriage at Cleveland, Ohio Tuesday morning. The bride is the widow of the late William Engel and resided here up to a few years ago. The groom is engaged in business in Cleveland. They will be at home to their friends at 1205 Vinlage avenue, Cleveland, Ohio.

Compton-Jackson.

Ellie Compton of Springfield and Miss Ida May Jackson of this city, were married in Springfield Wednesday afternoon by Judge C. H. Jenkins at his office in the court house. The bride is a sister of Miss Dollie Jackson of this city. The family moved from here about two years ago.

A big crowd took advantage of the exceptional bargains offered by the Emporium in their opening of the big sale Thursday.

MISSISSIPPI CONDITIONS.

A letter from William Walter Moore, dated at Indianola, Miss., Aug. 3, has the following on the crop conditions:

"We had some extremely pleasant weather in July but for the past week or two it has been cotton weather sure enough. It has been rather dry for late corn and altogether too dry for the garden, but cotton has been doing very well and the dry, hot weather seems to be too much for the boll weevil. Prospects are for a very fair corn crop, all good but the late corn, and an average cotton crop. The latter is very spotted, some excellent, some fair and some very poor. The last I saw of ours it was neither extreme."

\$15,000 worth of merchandise is included in the big water damage sale which is now going on at the Emporium.

LEAVE FOR THE WEST.

Mr. and Mrs. Milton O. Mathews and daughter, Miss Mabel, as previously mentioned, will leave this morning over the Wabash road for Hannibal, Mo., where they will transfer to the Burlington and proceed to Denver. After a few days in that city the party will go to Butte and Billings, Mont., before going to Portland, Oregon to visit at the home of Benj. Mathews, a brother of Mr. Mathews, who has been a resident of Oregon since 1882. Leaving Portland it is the intention of the travelers to visit the two exhibitions, and Los Angeles and vicinity before returning home.

COMMISSIONER RESIGNS.

After holding down the job another day, Street Commissioner Iven Woods lasto evening filed his written resignation with the village clerk, says the Franklin Times. He stated that he had learned that the job was losing him friends and his father friends, and that while he needed the money, he felt that he would much rather retain his friends and have his father retain the friendship and good will of our people.

President Woods when notified of the resignation, said that owing to the death of Mrs. L. A. Caldwell he would not call a meeting of the board to consider a new appointment until some evening next week, and hoped that to be able to make a selection that would be satisfactory to our people. There are three or four applicants for the place, among them J. M. Kittinger, J. W. Tribble and Grover Seymour.

## MAKE NO PROGRESS AT ATTORNEYS CONFERENCE

LUCY MAKES MOTION TO DISMISS INJUNCTION SUIT.

Lawyers Engage in Disagreement in Reference to the Mileage Bill—Conference Will Be Resumed This Morning.

Springfield, Ill., Aug. 5.—No progress was made today by attorneys representing John B. Fergus, the "taxpayer" in the Munro injunction proceedings, attacking the validity of many appropriations made by the forty-ninth general assembly, in their conference with Attorney General Patrick J. Lucy, in an effort to reach an agreement as to the procedure in hearing the petitions filed by Fergus in the Sangamon county circuit court. A motion to dismiss the petitions was made by Attorney General Lucy when the case was called in the circuit court. Attorney Fayette B. Munro, representing Fergus, would not consent to an immediate trial unless the motion was withdrawn. With this question still undisposed of the attorneys engaged in another disagreement in reference to the mileage bill. The attorney general sought to have the persons who secured the money under the appropriation made party defendants with the auditor and treasurer. To this Attorney Munro would not agree.

Court then adjourned to nine o'clock tomorrow morning when the conference will be resumed.

**New Bill is Filed.**  
In a new bill filed in the circuit court here today by Fayette S. Munro and John A. Watson, attorneys for John B. Fergus, citizen and taxpayer of Chicago, State Auditor Brady and State Treasurer Russell are held responsible to the state of Illinois and an accounting and restitution are asked for the alleged unwarranted payment of money from the state treasury amounting to \$63,345.

The new bill alleges that the signature of Lieut. Gov. Barratt O'Hara appears on many vouchers said to have been drawn unlawfully and upon which money has been paid. One of the vouchers to which specific reference is made in the bill is dated June 18, 1915, the day before the Illinois legislature adjourned, for \$5,500 and payable to F. H. O'Hara, said to be a brother of the Lieut. Governor.

The voucher is said to be unitemized and bears the signature of Barratt O'Hara. Among other vouchers which the bill charges were drawn without legal warrant are six representing a total of \$492.02, apparently spent in connection with the Chicago office for the president of the senate and senators.

Other vouchers to which the bill refers represent about \$20,000 incurred in numerous junketing trips taken by members of the legislature. One voucher is for the expenses of the waterway committee from April 8 to April 14, 1915 which amounted to \$531.44 and included numerous \$10 tips given waiters and porters in hotels, railway cars and boats.

There were 30 state officials on the trip and \$10 was the minimum tip given according to the exhibit in the bill.

In the vouchers for the expenses of the house committee on visiting the state penal institution appears the item "porterage on trains \$25."

**Exceed Statutory Limitation.**  
The bill points out that although the statute provides that the joint committee for visiting educational, penal and charitable institutions shall consist of seven members, five from the house and two from the senate, the senate records apparently show that this committee included at different times 21, 39 and 40 persons.

The committee that visited the state charitable institutions which also is said to have been limited by law to seven members expended \$1,734 in railroad fares in eleven days of which \$495 was for special Pullman cars, according to the taxpayer's bill of complaint.

At one time there were forty members of this committee the expense account for railroad fares shows.

The hotel bill for the committee that visited the penal institutions was \$1,098.

The committee that inspected the state educational institutions expended \$3,351.35 in addition to railroad fares according to vouchers referred to in the bill.

The vouchers for the expenses of the committee which visited the state's charitable institutions received \$1,200 of which \$752.07 was used as the house appropriation and the balance apparently was used for the senate appropriation which includes items of \$75 for automobiles and \$129.25 for incidentals.

The bill sets up that it is the duty of the state auditor to approve only such vouchers as are in accordance with the law.

**Asserts Vouchers Are Unlawful.**  
It asserts that these committee bills and vouchers are unlawful in

their face because of the excessive number of persons who are shown to have traveled at the expense of the state.

In the case of the voucher for \$5,500 payable to F. H. O'Hara, it is contended in the bill that it is based upon senate resolution No. 64, which is held to be unlawful in that it resurrected at the very close of the legislature of 1913, the vice investigating committee, two members of which are no longer and were not at the time of the resurrection, members of the senate.

Senate resolution No. 64 was passed June 14. The \$5,500 voucher was drawn June 18. The resurrected committee, even if lawfully reconstituted, has been in existence only four days, and there is no record of its having met or transacted any business in this brief interval, according to the allegations in the bill.

The voucher in question reads: "To F. H. O'Hara, Dr., For salaries, reports, and other expenses in connection with the investigating committee appointed under senate resolution No. 25 of the 48th general assembly, and continued under senate resolution No. 64 of the 49th general assembly—\$5,500. Approved Barratt O'Hara, Lieut. Governor and President of the Senate."

The bill also calls attention to vouchers issued under senate resolution No. 64 to C. F. Trick, June 15, he presented his bill for services and expenses as secretary and law clerk for the investigating committee during March, 1915 amounting to \$373.95; but on June 22 he turned in another bill for \$396.25 for services and expenses for February and \$600 for stenographic work. Later he presented an additional bill for stenographic work amounting to \$454. June 25 he sent in a bill for his services and expenses for January amounting to \$371.50. In four vouchers Mr. Trick claimed a total of \$2,195.70 according to the court bill.

These vouchers are protested in the court bill on the ground that they are approved only by Barratt O'Hara, president of the senate and are not approved by the chairman of any committee and could not be thus approved since the alleged committee did not lawfully exist.

Vouchers for the payment of money to Ralph Pope and Clarence S. Close for the pay of investigators and hotel, traveling and other expenses of the investigating committee aggregated \$2,314.30, are also objected to in the bill of complaint, as unlawful as they are approved only by Barratt O'Hara, president of the senate.

**Approved Only By O'Hara.**

The group of vouchers for expenses amounting to nearly \$500 in maintaining the Chicago offices of the president of the senate and senators in May and June, 1915, is objected to in the bill on the ground that these vouchers were drawn prior to the passage of any resolution authorizing such expenditures, that they were not committee expenses, that they are approved only by Barratt O'Hara as president of the senate and not by a committee chairman and the president of the senate, as is required by law; and that the resolution purporting to give authority for such expenditures, and which was passed on June 30, twenty days after the date appearing on the latest dated of the vouchers, is itself unlawful and invalid.

The bill sets forth that "your orator is informed and believes that the president of the senate is about to purchase additional furniture and pay expenses of an office and that he will expend the money of the state, irrespective of the illegality of said resolution, and that, unless restrained by this honorable court, the said fund appropriated by senate bill No. 438 will be entirely spent for purposes contrary to law."

Mr. Fergus charges that senate resolution No. 76 alleged to have been offered by Senator Ettilson and creating a committee to investigate the Chicago school board, with power to draw on the committee contingent fund of the senate, was not presented on the floor of the senate on June 19 or any other day, and in fact, was never passed. In spite of this fact, alleged that he had examined the senate journal of June 19 and had found the same should be corrected by inserting senate resolution No. 76 and that, there being no objection, the journal was ordered corrected in manner stated by the president.

The bill also objects to a voucher issued to Myer J. Stein for \$1,000 for alleged services rendered as attorney for Henry W. Austin in the contest in the 23rd senatorial district. The bill states that Attorney Stein was paid more than \$500 by Senator Austin who holds a receipt from the attorney stating that he had received payment in full for all services and expenses in connection with the election contest.

The bill further protests as illegal numerous warrants paid a large number of "clerks, doorkeepers, stenographers, bill distributors, ventilators, secretaries, sergeants-at-arms and other supernumeraries, whose positions are not provided for by law."

**MAKES DANDRUFF QUICKLY VANISH.**

No one likes dandruff, but to get rid of it you must do more than wash your hair. The cause of dandruff lies not in the hair, but on the scalp and in the hair roots, and just as twice daily you use a germicidal tooth powder or cream to cleanse your teeth of germs, so you should use Parisian Sage twice daily to drive dandruff from your scalp, prevent its return, protect your hair from falling out, and nourish its proper growth. Dandruff makes your hair fall out. Parisian Sage makes dandruff fall out and your hair stay in.

A delightfully perfumed hair and scalp treatment easily applied at home, very inexpensive and obtainable from Coover & Shreve or at any drug or toilet counter.—Adv.

## WOMAN IN BAD CONDITION

Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt. — "We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would blot. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me." — Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

**An Honest Dependable Medicine**  
It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

## PEORIA WOMAN PRAISES REMEDY

Mrs. Tilla Conard Tells Remarkable Experience After Suffering for Months.

Mrs. Tilla Conard lives at 307 Morgan Street, Peoria. She suffered from stomach trouble for months. Nothing seemed to give relief. One day she visited a sister who resides in Bloomington, and upon urgent advice consented to try one bottle of Mayr's Wonderful Remedy. This, in her own words, is the story of her experience—read it.

"For a number of months I suffered terribly with pains in my stomach; would fill with gas and belch for an hour at a time. I had pains in my side which at times I thought would kill me. I was under the doctor's care for four months, but got no relief at all. One day while in Bloomington my sister persuaded me to take a bottle of your remedy. To say the results were wonderful would be putting it mildly. After the first dose my pain left me, my appetite improved, my skin became clear again and I felt like a new woman."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

## KENTUCKY PRIMARIES TO BE HELD TOMORROW

Louisville, Ky., Aug. 5.—On the eve of the primary election in Kentucky it is practically conceded that Augustus C. Stanley former Congressman will win the nomination of the Democrats for Governorship. He is opposed by Harry V. McChesney of Frankfort on a state wide prohibition platform and by Lieut. Governor Edward J. McDermott of Louisville. McDermott is expected to lose a large number of votes which would have come to him had not the liquor question brought a new alignment. He has stood a fair chance to win the nomination against Stanley. But with the chance of split vote between the two with the prohibitionists strong for McChesney the old line Democrats who cannot bear the sound of the word prohibition have ordered coalition of forces to save the Democratic nomination from prohibition.

A peculiarity of tomorrow's primaries is the absence of the Progressive candidates from the ballot. This was decided on as a method of simplifying the election for none of the Progressive candidates were opposed in the primary.

## ERECTING BRIDGES IN IOWA.

B. C. Marrs has arrived at home from Cedar Rapids, Ia., where he has been with the force of men engaged in erecting bridges for the Illinois Steel Bridge Co., this city. Material for one bridge 140 feet in length and three of 80 feet in length were on the grounds and artisans were ready to proceed with the work but the continuous rains interfered with the labor of the concrete men on the pier work hence the temporary delay.

## RECLAMATION OF BIG LOUISIANA TRACT.

New Orleans, La., Aug. 5.—The extensive reclamation project started by the Lorimer-Mundy banking interests in Chicago before the crash of their bank, at Bayou L'Ouro, will be undertaken by other Chicago capitalists, it is reported. The project plans to reclaim 45,000 acres. The dredging of the first unit of 7,000 acres had gone well forward when the closing of the LaSalle Street bank at Chicago left the enterprise without backing. A receiver was appointed several years ago, and the sale of the big stretch was ordered. It is now reported that the project has been taken over and will be pushed to completion. Several other reclamation projects in Louisiana are interesting northern capitalists, and it is expected many thousand of acres will be added to the agricultural area of the state.

## REAR ADMIRAL BADGER RETIRES.

Washington, Aug. 5.—Rear Admiral Charles J. Badger, recently commanding the Atlantic Fleet, is retired today, under the age limit regulations, having reached the age of 62. Admiral Badger has been one of the shining lights of American naval history. He is a native of Rockville, Md., a graduate of the Naval Academy, and has been in service for 41 years.

His retirement makes room for the appointment of Capt. H. O. Dunn recently of the Wyoming. Admiral Fletcher's flagship as rear admiral. Capt. Dunn was recently detached from his command and will be commissioned today.

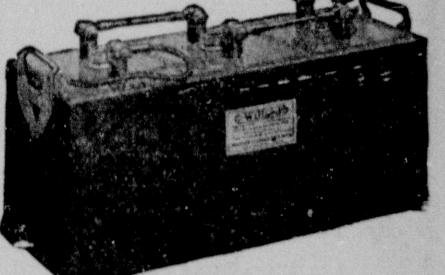

## HANGMAN'S DAY IN MISSISSIPPI

Jackson, Miss., Aug. 5.—Tomorrow will be a real "hangman's day" in Mississippi, unless the governor commutes the death penalty to life imprisonment, for five men are condemned to be hung that day, two of whom are white men. Four sheriffs will figure in the day's events one of them having a double job on his hands.

The two white men condemned to the noose tomorrow are S. L. Johnson, convicted in Claiborne County for killing A. E. Brewer, in July, 1913, and J. Tabor of Lafayette county, an old citizen and Confederate veteran who was convicted of the murder of his daughter-in-law in September, 1914.

The doomed colored men are: Bunyan Walker, who killed Tom Seales in Jefferson county in September, 1914; Peter Bolen and H. Seales convicted of killing Will Taylor in Oktibbeha county in October last.

Miss Mabel Robinson of Sinclair is making a visit at the home of her aunt, Mrs. George Newman in Woodson.

Author of "At Good Old Siwash."

AMERICAN UNIVERSITIES—LELAND STANFORD, JR.

George Fitch.

Leland Stanford, Jr., University at Palo Alto, California, is the greatest memorial ever erected to a boy. When Leland Stanford, Jr., died his heart broken parents decided to make memory permanent. To do so they founded Leland Stanford Jr., University. By means of this great school the Stanford family who had about \$50,000,000 will be remembered long after the rest of the western millionaires have faded into shirt-sleeve descendants.

Leland Stanford, Jr., University started its career with more money than any other school in the world. It cost the Stanford family about \$30,000,000 to build it and get it into commission. Its endowment is now about \$24,000,000. Only Harvard has more money and only Harvard, Yale and Chicago have more advertising.

This University is also unique, because of its buildings. They are mostly of old Spanish mission architecture arranged in courts and quadrangles and surrounded with semi-tropical plants. The University

itself is as much a sight for the tourist as if it were located in Spain and is several hundred times as interesting to look at as Heidelberg, Edinburgh or any other famous seats of learning and tombs of architecture. The most famous building on the Stanford campus is the memorial chapel with its vast mosaic front and its thrilling exhibit of the last breakfast. This building was badly, but not quite sufficiently, damaged in the great earthquake—Stanford being the only American University to have entertained a seismic disturbance produced by nature instead of by the students. Stanford University was founded in 1891 and has now about 2,000 students with one professor or instructor for each eight students. It has the second largest library west of the Mississippi River. It is education, California to the Nth degree, and the chief ambition of its student body is to make the State University look like a few scattering nickels on all possible occasions. Stanford and California were the first American schools to adopt Rugby football and their annual battles which have now been discontinued drew enormous and reverberating crowds. Stanford has also sent many sterling athletes to the intercollegiate track meets in Chicago. In fact next to Chicago University it is about the liveliest educational infant in the country.

## TIGERS AND ATHLETICS SPLIT DOUBLE HEADER

DETROIT WINS FIRST GAME 11 TO 5.

Philadelphia Takes Second By Score of 9 to 8—Hard Hitting Marks Both Contests.—Yanks Take Two From Browns.

Philadelphia, Aug. 5.—Hard hitting marked both games here today. Detroit winning the first 11 to 5, and Philadelphia the second 9 to 8. Both Steen and Bressler, who started the rubber while Detroit mixed hits with passes by Davis and piled up runs. Dauss, who succeeded Steen, was effective. Cobb got two hits after failing to hit safe in his first nine times at bat and Sheehan once caught him napping off first base. The score: First game: Detroit—AB. R. H. PO. A. E. CHICAGO WINS GAME IN NINTH INNING.

With Bases Full Murray Hits for a Single and Sailer Scores the Winning Run—Pirates Shut Out Phillies.

Chicago, Aug. 5.—Manager Bresnahan outgassed Manager Stallings today and Chicago nosed Boston out of the first game of the series 4 to 3. With the score tied at the state of the ninth, McLarry dropped a Texas Leaguer into left for two bases. Archer advanced him to third on a sacrifice. Stallings instructed Tyler to pass Phelan in hopes of retiring the side on a double play, when Humphries came to bat. Instead Knisely was out to bat for him and again the Boston manager ordered the batter passed, filling the bases. Sailer went to third and ran for McLarry, scoring the winning run on Murray's single which shot past the drawn in infield. Score: Boston ... AB. R. H. P. A. E. Pittsburgh, 1; Philadelphia, 0. Pittsburgh, Aug. 5.—Alams shut out Philadelphia here today, Pittsburgh winning 1 to 0. The winning run was scored in the ninth inning when, with the bases full, Killifer threw wild to third and Hinchman scored. Alexander pitched for the visitor, allowing six hits, one more than Adams gave.

Score: R. H. E. Philadelphia ... 000 000 000—0 6 2 Pittsburgh ... 000 000 001—1 5 1 Alexander and Killifer; Adams and Schang. New York, 5-2; Cincinnati, 2-1. Cincinnati, Aug. 5.—New York opened the series here today by taking both games of a double header from Cincinnati. The first 5 to 2 and the second 2 to 1. In the opener Stroud was master of the situation all the way. In the second game New York won in the fourth when Doyle and Fletcher singled, Merkle sacrificed and Loberi brought in both base runners with a double.

First game: Scores: R. H. E. New York ... 003 200 000—3 11 0 Cincinnati ... 000 010 001—2 9 2 Stroud and Meyer; Benton, Lear and Wingo. Second game: New York ... 000 200 000—2 4 2 Cincinnati ... 000 100 000—1 5 0 Schaner, Marquard and Doolin; McKenry Toney and Clarke. St. Louis, 3; Brooklyn, 2. St. Louis, Aug. 5.—St. Louis defeated Brooklyn here today 3 to 2. In the third inning a hit batsman, a wild pitch, Myers error and singles by Miller and Long gave St. Louis three runs. Smith here was replaced by Dell. Brooklyn twice filled the bases in its half of the third by virtue of four successive singles but lost a chance to score when Cuthshaw was caught napping off first. Sallee struck out Smith and then forced Myers to ground to Butler.

Score: R. H. E. St. Louis ... 101 000 000—3 10 4 St. Louis ... 003 000 003—3 9 3 Smith, Dell, Appleton and McCarthy; Sallee and Snyder.

## ATHLETES AT FRISCO THREATEN RECORDS.

San Francisco, Aug. 5.—One of the greatest gatherings of American athletes of tried and true calibre is that which began this morning the two-days' track meet for the national amateur championships at the exposition. Records are threatened in all the events, for the cream of the amateurs has come from the east and middle west to meet the Pacific coast stars. The eyes of the spectators will be centered particularly on Norman Taber and Ted Meredith, while Howard Drew and other coast boys will be favorites in their events.

## "MORNING GLANCES" (By Gosh)

The Cubs beat the Braves the first game of the series at Chicago yesterday. It reminded one of the old time games at the White Sox park when Fielder Jones was manager and used to change men on a moments' notice. With the Braves 3 to 2 in the ninth McLarry opened with a two bagger and was sacrificed by Archer. Then Stallings ordered Phelan passed to get up Pitcher Humphries. Bresnahan, however, outgassed Stallings and sent in Knisely in to bat for Humphries. He was also passed and with the bases loaded Murray came across with a single and the winning run came over.

Detroit and Philadelphia divided a double header yesterday. The Tigers won the first game 11 to 5 while Philadelphia took the second 9 to 8. The second contest was a hard hitting one on the part of both teams. Detroit got ten hits in this game and Philadelphia sixteen.

Ty Cobb had a bad day yesterday; he went to bat nine times before he got a hit. He finally made two hits which was his record for the afternoon. Then he was caught off of first base by Sheehan.

That boy Sheehan is surely pitching some ball for Connie Mack. He has started three times now and has won all his games. He seems to have the goods to stick in the big show and next year should prove a valuable man for the Athletics.

The Yanks trimmed the Browns two Thursday. The first game was easy, Caldwell holding the Browns safe while the Yanks bunched hits off of Weiland. In the second game Fisher and Lowdermilk engaged in a pitchers battle. The Yanks got to Lowdermilk in the eighth and with three singles and an infield out scored their only two runs made. Fisher only allowed the Browns two hits.

Alexander the Great was beat at Pittsburgh yesterday by Babe Adams. The only run of the game was scored by Pittsburgh in the ninth inning when Killifer threw wild to third with the bases full allowing Hinchman to score the winning run. Alexander allowed six hits and Adams five.

Cincinnati was humbled by New York yesterday when she lost a double header. The first game the score was 5 to 2 while in the second game the score was 2 to 1. Stroud held Cincinnati safe in the first game while in the second New York won by hitting hard in the fourth inning.

Rankin Johnson of Baltimore lost a hard luck game yesterday when he was beat by St. Louis with only one hit being registered off of him. This blow was most opportune, however, and brought in the only run of the game. Eddie Plank pitched for the Terriers and while Baltimore got six hits they were widely scattered and did not result in any runs.

Chicago beat Brooklyn yesterday by a score of 3 to 1. McConnell outpitched Bluejacket and Upham allowing Brooklyn but six hits.

The Superbas lost to the Cardinals at St. Louis yesterday. The final score was 3 to 2. St. Louis won by bunching hits with Brooklyn's errors in the third inning.

## SPORTING NOTES.

Topsy Hartsel, hero of more than one team in the big leagues, has retired from baseball. He was a great hitter and outfielder not many years ago.

The Christie-Farmer bout at Marinette, Wis., which was set for July 30, will be pulled off tonight. The Minneapolis speedway is receiving its finishing touches and will be in fast shape for the 500-motor race on Sept. 4.

Danny Maher is back in England, from South Africa. If he cannot ride he will turn his hand to training.

Duluth will open up its boxing season on Friday night, with some talent and a great deal of enthusiasm. The opening date of the big international Regatta at San Francisco is August 14. Each Saturday and Sunday the races will be pulled off, until Sept. 5.

The annual Canadian Henly is set for Friday and Saturday, where the course is one mile and 550 yards. Most of the entries in the amateur field championships at San Francisco next Friday and Saturday are college men. The athletes from all sections are well matched. The East has the best performers in seven events, the West in five and the coast in six.

The 11th American Field Futurity, for thoroughbred and highly trained dogs, will be held November 4, at Sparta, Ill.

George Tuohy of Boston has held out a big offer to Frank Gotch to meet the best American contenders for the wrestling title.

The five-mile championship will be the big running event of the Frisco meet next Saturday. The 15 mile Marathon will be run on the 10th and the Marathon on Aug. 28. W. H. Cowell, formerly prominent in athletics and football at the University of Kansas, University of Illinois and at Pittsburgh, has been appointed physical instructor at New Hampshire State College.

Mrs. E. J. Livingstone has gone to her home in Beardsdown after a visit with her sister, Mrs. Stanley Quisenberry at 130 Pine street.

## EVENTS IN BASEBALL

Jimmy Galvin Pitched the First No Hit No Run Game.

Salaries first were paid to ball players in 1808 by the Cincinnati club. Roger Connor, the famous old slugger, in 1,071 games in ten consecutive seasons had a grand batting average of .255.

Richard J. (Dickey) Pierce is credited with introducing the bunt hit in the summer of 1876.

The first 1—0 game on record was played by the Chicago and St. Louis teams in 1875, the former winning the contest.

O. Nicholson holds the record for the greatest number of stolen bases in a season. When with the Frankfort team of the Blue Grass league in 1912 he pilfered 111 sacks in 123 games.

In 1913 the Meridian team of the Cotton States league was defeated in twenty-six consecutive games, the record.

The first no hit game, no player reaching first base, in the history of baseball took place in 1876. James Galvin of the St. Louis Reds was the record making twirler, and he pitched against the Cass club of Detroit. The battle took place at Iona, Mich., on Aug. 17. The feat was repeated twice in 1879 by J. L. Richmond of the Worcester National league outfit on June 2 against Chicago, and on July 28 against Springfield. Again, on June 12, 1880, Richmond performed the same stunt against Cleveland, and in the same year, on June 17, John M. Ward, twirling for Providence, beat Buffalo in this kind of a contest.

No additions were made to these names until May 5, 1904, twenty-four years later, when D. T. ("Cy") Young of the Boston American league team defeated the Athletics in a no hit, no player reaching first game, and A. Joss similarly beat the White Sox when he twirled for the Cleveland American league club on Oct. 2, 1908.

F. W. Thayer of Harvard invented the catcher's mask in 1876. He was catching for the Crimson team at the time.—Ed A. Goewey, in Leslie's.

## SWING OF THE WIND.

On the Atlantic Coast, as a Rule, It Is From Left to Right.

Thirty-five years ago, while making a four months' voyage, I was frequently impressed by the unerring accuracy with which Captain Crosby, one of the best known captains sailing from New York, forecast the state of the weather. In reply to my question he answered: "Doctor, as a result of fifty years of seagoing life, I can assure you that almost invariably, I might say without exception, the wind in its shifting follows the course of the hands of a clock—that is, from left to right.

"Of course," he added, "one cannot say how long the wind will remain in any one quarter, but when it changes it will, almost without exception, take the course I have stated. For instance, if the wind is in the northeast, instead of going to the north and then to the northwest, it will on the contrary go over to the east, southeast, south, southwest, west, and finally reach the northwest."

When I asked him why that should be, he said he had never been able to obtain an answer to that, but that it was an absolute rule as far as the experience of his life went. One other observation I have made through all these years, although it is not by any means as exact as the first, is that the winds have a fairly accurate length of time in which they remain in their various quarters. For instance, northeast and east winds are generally two or three days in duration, gradually shifting to southeast and south, then after a day's interval, or less, reaching west and northwest. These remarks apply only to the Atlantic coast and contiguous states and are inapplicable to the Pacific, where the conditions, in some respects even more remarkable, are entirely different.—Dr. Frank Abbott in New York Times.

## Wills in Ancient Greece.

Wills were introduced into Athens by Solon, though in many other parts of Greece they were discontinued. Diogenes Laertius gives copies of the wills of several celebrated men, such as Plato, Aristotle and others. Before Solon's law no man was allowed to make a will, the wealth of the deceased belonging in certain proportion to the members of his family and even after Solon only an Athenian citizen had the privilege of bequest, the estates of both slaves and foreigners being confiscated for the use of the public.

In other days there were the Island of Manhattan and Manhattan Island. They were different bodies. Island of Manhattan was applied to the land occupied by the old city of New York, now the borough of Manhattan. Manhattan Island was a little knoll of land in the limits of what is now Third, Houston and Lewis streets and East river. At high tide the knoll was an island.

Two Houses. "That's a pretty nice house you've built there, Subbubs, but it's rather thrown in the shade by that new mansion next door."

"Yes; that's the contractor's house, built out of the profits he made on mine."—Boston Transcript.

Friendship. In the hour of distress and misery the eye of every mortal turns to friendship. In the hour of gladness and exultation, what is our want? It is friendship.—W. S. Lander.

Safety First at Sea. In nautical parlance the phrase "The three I's" means "lead, latitude and lookout," these being the chief three things to be considered in keeping a ship from running aground.

## COUNSEL AND CLIENT.

A Lawyer's Right to Defend a Prisoner He Knows to Be Guilty.

Ought an advocate to defend a prisoner whom he believes to be guilty? Mr. Justice Darling in a case in which a solicitor was the plaintiff made some observations on this familiar problem which ought not to go unrecorded. He protested, says the London Globe, against the notion that a lawyer, whether barrister or solicitor, was under an obligation to cease to conduct a case which he realizes to be bad.

"If an advocate in the course of a trial for murder comes to recognize that his client is guilty is he," asked the learned judge, "to say to the court, 'Hang my client?' Judges have seldom asked about the ethics of advocacy in open court. It was, however, in a considered judgment in the court of exchequer that Baron Bramwell made his famous contribution to the discussion.

"A man's rights," said the baron, "are to be determined by the court, not by his advocate or counsel. It is for want of remembering this that foolish people object to lawyers that they will advocate a case against their own opinions. A client is entitled to say to his counsel: 'I want your advocacy, not your judgment. I prefer that of the court.'" Mr. Justice Darling, in the jargon of the courts, concurs.

Laymen have usually been readier than lawyers to discuss the ethics of advocacy. "What do you think of supporting a cause you know to be bad?" "Sir, you do not know it to be good or bad till the judge determines it."

Less generally known is Sydney Smith's contribution to the discussion. "Justice is found experimentally to be most effectually promoted by the opposite efforts of practiced and ingenious men presenting to the selection of an impartial judge the best arguments for the establishment or explanation of truth. It becomes, then, under such an arrangement the decided duty of an advocate to use all the arguments in his power to defend the cause he has adopted and to leave the effects of those arguments to the judgment of others." This was said in an assize sermon the famous wit preached at York in 1824.

## DARING BELLE BOYD.

Brilliant and Romantic Career of the Famous War Spy.

Stonewall Jackson's valley campaign was one of the great deeds of history. Not since Napoleon's time have men been so dazzled as they were by that great exploit of his. Yet Stonewall might have gone down the valley in defeat had it not been for a little college girl named Belle Boyd.

The Union general, Shields, was quartered at Miss Boyd's house. He held a council of war there. Miss Boyd bored a hole in the floor of her chamber, which was over Shields' room, and lay there with her ear to it throughout the night. The next morning Stonewall Jackson was in full possession of the plans for a great battle and was able to defeat the Union army.

She kept up her valiant work for the Confederates until the Union officers began to suspect her, and Jackson ordered her to move from her Shenandoah home to Winchester. She had been arrested by the federals and had flirited her way to liberty, for she was a pretty girl despite the libelous photographs of her. In Winchester Jackson conferred upon her a commission as captain in the Confederate army. By this time the whole north had become aware of the services she was rendering the Confederacy, and every officer and private was on the alert to get her. Yet she escaped until 1864, when she was caught on a blockade runner. Her captor lost his heart to her, deserted the navy and married her, and the Prince of Wales, afterward Edward VII, attended the wedding.—New York Times.

## Encouragement.

He was very bashful, but she liked him and was willing to encourage him, and she saw her opportunity when he said: "That's a beautiful dog you have there, Miss Ethel. Is he affectionate?" "Is he?" she answered archly. "Here, Bruno! Here, good dog! Come and show Charlie Smith how to kiss me."—Exchange.

## Not as She Thought.

Fond Mother.—Our Johnny is a great favorite with his teacher. Sympathetic Friend—Is that so? Fond Mother—Yes, indeed. Why, only the other day she told Johnny if there were another boy like him in the class she would feel entitled to demand an increase in salary.—Richmond Times-Dispatch.

## Explained.

"This isn't my suit," said Hawkins to the pawnbroker. "This is a half dozen sizes smaller than mine."

"You are mistaken," replied the pawnbroker. "This is your suit, but it has been in soak so long that it has shrunk."

## A Dark Hour Friend.

Jimson—Oh, yes; I knew old Jimson. He was a good sort. He did a very kind action once for me when the clouds were dark and threatening and the world looked so black. Jimson—What did he do? Jimson—He lent me an umbrella.—Boston Globe.

## MAKE DETERMINED EFFORT TO DRIVE TARIFF OUT OF POLITICS

Many Prominent Men Have Agreed  
to Lend Support to Movement  
Which They Believe Will Be An  
Aid to Business.

Chicago, Aug. 5.—The movement launched here a few weeks ago by leaders in American finance, industry and labor, to take the whole subject of tariff out of politics and establish it as a special bureau under competent direction, has met with great enthusiasm in all sections of the United States. A spontaneous demand has sprung up for the taking of tariff from the political forum, where it occupies a meaningless, misunderstood and misused position, and putting it on a sound business Jordan of Leland Stanford univer- sity, and the movement begun here, when the tariff should be put on a scientific basis, for the benefit of all the people, and not the favored few; and it is high time, they repeat, that the public knows what tariff means and how it affects the economic advancement of the country.

Among those who have gone on record as favoring the proposal to establish a permanent non-partisan tariff commission are Pres. Nicholas M. Butler of Columbia; Pres. Arthur T. Hadley of Yale; Dr. David Starr Jordan of Leland Stanford univer- sity; Pres. Frank J. Goodnow of Johns Hopkins; Pres. Benjamin Ide Wheeler of the University of California; Cyrus H. McCormick of the International Harvester Co.; John J. Gannon, president of the (Hibernian) bank, New Orleans; W. H. Marshall, president of the American Lo- comotive Co.; Senator Lawrence Y. Sherman and John V. Farwell, a Chicago banker.

James T. Hill has agreed to take the chairmanship of the advisory committee which is now being formed. Mr. Hill has contributed to a fund to back a national campaign to divorce tariff from politics. Others who contributed, and who are enthusiastic over the movement, are George W. Perkins and William H. Childs of New York, Henry Walters of Baltimore, E. P. Ripley, Victor F. Lawson, E. J. Buffington, Frank G. Logan and Clarence S. Funk of Chi- cago.

The tariff commission league is the name of the organization which will conduct the campaign to make the tariff a non-partisan issue and base it on scientific data, gathered without political, sectional or economic prejudice, and to the revenue needs of the government, trade conditions affecting the various in- dustries, and the proportions luxu- ries should bear.

The men who are behind the move- ment are seeking to make it sweep- ingly representative of the people of the United States, and not narrowly representative of any one interest or set of interests. It is intended to have agriculture, labor, manufacturing, transportation, commerce and high- er education represented in the ad- visory board which will direct the campaign to force congress to act.

The movement is not for the ex- ploitation of any theory, either of high or low tariff, or free trade," said President H. Gross of the league, when interviewed this week. "It seems to provide a means by which future tariff adjustments shall be based on full facts and detailed analysis, and shall be made in the interests of the people as a whole. It is surely the plainest kind of common sense that the tariff should be a matter of business, not a football of politics."

"Any well-informed person knows that our American tariff system, or lack of it, is about the worst in the world. It is unjust and unfair; it is demoralizing, wasteful, wholly un- suited to modern conditions, and is a serious handicap to progress. In thirty years of tinkering, no one is satisfied. Industry has been demor- alized more than once, and we have just been through a period of depres- sion, which many ascribe to the fear of the tariff."

"We suggest the formation of a commission as a bureau of the gov- ernment, to control the tariff. Our suggestion is to pay the commis- sioners \$12,000 a year, and secure men representing labor, agriculture, in- dustry and trade. Let them engage investigators and experts, rather sta- tistics and figure the tariff question out on unprejudiced, scientific lines. Let them know to a nicety the cost of production at home and abroad, and fix the rate of tariff."

"We have tried the political plan of tariff making and tariff tinkering, and it has proven a failure. Why not try another plan?"

## TRADE BOOSTERS PLAN SOUTH AMERICAN TRIP.

New York, Aug. 5.—A committee of American business men will meet here today to arrange the details of the proposed trip of American bank- ers and trade boosters to South America. The trip will be a return vis- it, and is the outgrowth of the big Pan-American trade congress held at Washington this summer under the auspices of Secretary McAdoo of the Treasury Department.

## UNITED STATES PUBLIC HEALTH SERVICE.

Typhoid Fever is Preventable.

Four hundred thousand persons incapacitated, and thirty thousand lives lost—this is the heavy toll ex- acted in the United States each year by the scourge of typhoid fever. And typhoid fever is a preventable dis- ease!

A recent bulletin of the United States public health service entitled "Typhoid Fever—Its Causation and Prevention," states that within the past ten years few of our commu- nities having as many as two thousand persons have remained free from this disease for any period of twelve con- secutive months. In recent times the rate of its prevalence for the United States as a whole has been from two to five times as high as in some of the countries of Europe. In these European countries the typhoid rate was formerly higher than the present figures for the United States. Their great reductions in the ravages of the disease have been brought about by improvements in sanitary conditions.

In many American cities there has occurred within the last twenty years a considerable reduction of typhoid fever. Due in a large part to im- proved sanitary conditions in the cities, the typhoid rate for some entire states has shown a material decrease. For the country as a whole, accord- ing to available figures, the rate has been reduced about 50 per cent. in the past 40 years. But the present rate is about the same as that which prevailed in some of the other ad- vanced nations of the world 30 years ago. In other words the United States is a generation behind the times, in respect to the reduction of its ty- phoid rate.

Practical and efficient measures for the prevention of typhoid fever are definitely known, but the efforts to get the people of the average self- governing community to carry out these measures to a reasonable ex- tent are oftentimes decidedly ex- periential in character. In many in- stances, the cost of modern sanitary improvements has been an obstacle in the way of typhoid prevention. It is often difficult to convince the governing authorities that money ex- pended in the protection of the public health yields large dividends.

In rural communities and small municipalities another factor—the instruction and cooperation of the individual property owner—enters into the problem. Here every home must have its own method of se- wage disposal, and in most cases its own water supply. The public health service bulletin above referred to deals in a comprehensive way with the construction of wells and out- houses.

In recent years a specific method for increasing individual resistance to typhoid germs has been employ- ed. This is known as antityphoid or "vaccination." This method has been used extensively in military or- ganizations of the United States, and from the results obtained it appears that inoculated persons are, upon equal exposure to typhoid infection, less than one-fourth as likely to de- velop the disease as those who have not been inoculated and who have previously had the disease. The av- erage duration of protection given by inoculation has not been deter- mined, but is supposed to be about two years.

It is pointed out, however, that the protection given by antityphoid inoculation is relative, not absolute, and that such inoculation is not to be regarded as a substitute for sani- tation.

## SPECIAL TAX NOTICE.

Notice is hereby given, to all per- sons interested, that the City Coun- cil of the City of Jacksonville, Illi- nois, having ordered the improve- ment of the roadway of South Main street in said city from the center line of Morton avenue, where the same intersects said South Main street, thence south to the center line of Michigan avenue in said city, the ordinance for the same be- ing on file in the office of the city clerk of said city, and said city having applied to the County Court of Morgan county, Illinois, for the con- firmation of the assessment of the cost of said improvement, and an assessment therefor having been made and returned to said court; the final hearing thereon will be had on the 18th day of August, A. D., 1915, at 10 o'clock a. m., or as soon thereafter as the business of the court will permit.

All persons desiring may file ob- jections in said court before said date and may appear on the hear- ing and make their defense.

It is further provided by the or- dinance that said assessment shall be collected in ten (10) annual in- stallments, with interest at the rate of five per cent per annum, as pro- vided by law.

Dated at Jacksonville, Illinois, this 2d day of August, A. D., 1915.

Walter B. Rogers,  
Commissioner appointed to make assessments.

## GREAT COUNCIL OF RED MEN WILL MEET IN CHICAGO NEXT MONTH

National Pow Wow First Announced  
For San Francisco Changed By Of-  
ficers—More Than Five Thousand  
Tribes Will Be Represented.

The holding of the Great Council of the United States in Chicago this year has aroused much interest among local Red Men. For the last five or six years the session has been held in the east making it almost im- possible for the average member to attend.

Joe F. Brennan, who retired from the office of Great Keeper of Wampum of the order at Mattoon in May is one of the great representa- tives to the session from Illinois. Mr. Brennan was elected for a term of two years at the state meeting held at Mattoon.

While no definite plans have as yet been made it is probable that members of Delaware tribe will take the matter up soon. It is assured that a number will attend from here and it might be that several of the tribes from this section will unite and make arrangements for a special train to Chicago.

The Chicago Journal gives this story of the coming convention

"Announcement was made today by Great Chief of Records Wilson Brooks, that 5,000 Red Men will swoop down on Chicago early in Sep- tember and capture the city in a sim- ilar manner to the way their ances- tors swooped down on Fort Dear- born eighty years ago.

"According to Chief Brooks the Red Men national pow wow, which was to have been held around a great council fire in San Francisco, has been transferred to Chicago. In the language of the Red Men the annual great council of the order will con- vene in this city on the morning of "the thirteenth sun and will last until the eighteenth sun of corn moon."

Representatives of 5,500 tribes will attend the pow wow. Great In- cohonoe Frederick Downs, of Boston, will assemble the chiefs around the council fire.

The official wigwag for the oc- casion will be the Hotel La Salle, and the nineteenth floor grand ballroom will be decorated in true aboriginal style.

The Improved Order of Red Men is the oldest fraternal order in Amer- ica. The date of its origin is un- known, but it was in existence many years before the American revolution and nearly all of the famous patriots of those stirring days were members of the society which now includes the names of over 900,000 former palefaces who have joined tribes throughout the country.

The local committee in charge of the great council are Carrie L. Gee, former head of the Pocahontas; A. W. Nilsson, Minnie Eberhart, C. A. French and William H. Taylor. The ladies of the Pocahontas will hold their annual convention in conjunc- tion with the Red Men."

## Wonder of Stonehenge.

Everyone has heard of Stonehenge, a prehistoric monument in England which is almost as much of a puzzle as the sphinx in Egypt or the mound- erected by the mound builders in Amer- ica. Stonehenge is about ten miles north of Salisbury. The name comes from two Saxon words meaning "hang- ing stones."

The earlier Celtic name was Cor Gawn, or giants' temple. There are in many localities in the northwest of Europe prehistoric remains in the form of huge stone monuments or "tumuli" or "barrows"—that is, bowl shaped mounds or hills of earth. In the neigh- borhood of Stonehenge there are hun- dreds of these mounds. Coins, etc., found in them seem to date them back about three centuries before Christ.

It must have taken an immense amount of work to make them, and there must have been some profound and serious purpose behind them.—Pathfinder.

B. Mumford of Pittsfield was a business visitor in the city yesterday.

### FRED J. KERN THINKS GERMANS GREATEST PEOPLE OF WORLD

President of State Board of Administration Gives Reasons He Sees Behind the Success of German Arms—Writes in Sarcastic Vein About Allies.

Fred J. Kern, president of the State Board of Administration and incidentally a German recently published in his paper the Belleville News-Democrat, an editorial resending criticism of the German people and declaring that the reason for German successes in the great war may be found in the superior education given German artisans. There are many people who while not agreeing with Mr. Kern's conclusions will be interested in his ideas about German superiority.

"We hear much talk nowadays on the subject of German efficiency. "Since the beginning of the war in Europe, the world has been amazed at the absolute competence of the German nation. With the world against them, the Germans have held their own.

"Judged by ordinary standards, they would have been licked in less than three weeks after England and France and Russia and Belgium and Japan and Italy and a few more smaller countries declared war on them. Germany would have been crushed like an egg shell between the armies of the east and the armies of the west. The two attacking forces would have celebrated their victory in Berlin long ago. Germany would have been dismembered, and the provinces distributed among the victors like loot among ordinary thieves. The German people would be slaves of their conquerors, and their flag would have been hauled down; Germany would be a memory and a reminiscence, and the Kaiser would be a lonely prisoner in a solitary confinement on the secluded barren island of St. Helena. Where the great Napoleon walked the earth, an imprisoned exile, and breathed his last, he would be killing time awaiting the final summons.

"The opposite of the above drav picture is the truth. The war has lasted for more than a year, and Germany is stronger than it was when hostilities were first commenced. The army is bigger and better equipped. The navy is stronger, Germany in spite of the restricted area and the density of its population, and the war, is self-sustaining. The people of Germany are more composed and more self-poised and self-possessed than ever. Germany has been winning, instead of losing, the majority of the battles on the land and on the sea. About it all there has been no bragging, no bluster, and no fanfare. But the country has not been invaded. No battle has been fought within the German borders. No enemy's foot has stepped on German soil.

"What is the cause of all this majestic superiority, this marvelous development, this wonderful power of endurance and recuperation; for there must be a tangible reason for this astounding greatness?

"It is to be found in the wonderful educational system and the tireless industry and the persistent application and the temperate habits of the German people. The German nation is the most wonderful combination of brain and brawn our world has ever seen. In our country we call only the men educated who wear white shirts. We harbor the delusion that only the lawyers and the preachers and the school teachers and the merchants, and the book agents, and the clerks are educated people. In Germany every skilled workman is an artist and a scientist and he has kultur. They go about it in the most systematic way in that country to train an engineer, or an electrician, or a miller, or a motorman or a farmer, or a machinist, or a bricklayer, or a brick maker, or a carpenter. They believe in the principles that a man must serve his time to every trade, and they put it into practice. The selfish haphazard way which we have in this country of turning out artisans and mechanics is unknown to Germany. Every boy in Germany learns a trade. He is taught the virtue of steadiness and the necessity of application. He receives orders and does as he is told. He is taken in tow and taught his trade. He is taught all of the tricks there are to it. He studies technical journals and reads books and listens to lectures. He becomes an expert, a master of the situation. Of that kind of superior men the fighting forces of Germany are composed, and it is not as much a war of men as it is a battle of the crafts and the arts and the trades and the sciences.

"Germany is whipping all the rest of Europe and a part of Asia, Africa and North America at the same time, because its men have learned their trades; they know the science of chemistry and mechanics. They have trained and skillful men and the nation with that kind of men fighting its battles is untiered, unconquered and unconquerable. "The United States has much to learn from Germany and must adopt the German methods and the German virtues and the German ideals if it expects to realize its manifest destiny. The more like Germany the United States becomes the greater it will become. The country of Germany ought to be adopted as our model for imitation and for emulation, and this is one of the things we ought to do now and without any more delay."

### REV. CHARLES M. EAMES RETURNS FROM CHINA

MISSIONARY ARRIVES HOME  
AFTER 8 YEARS ABSENCE.

Jacksonville Young Man Residing in Tsining, Has Had Charge of Twenty-five Country Churches—Is Delighted With Work and Expect to Return After a Year in America.

Rev. Charles M. Eames, who has been away from Jacksonville for eight years, in the mission work at Tsining, province of Shantung, China, returned to the city Thursday. He is glad to be back once again in his native city and to greet his many friends, whom he has not seen for such a long time.

Mr. Eames is the son of the late Charles M. Eames, and after completing his course in the Jacksonville high school entered Illinois college graduating from that institution in 1904. He finished a three year course in the seminary at Princeton, and shortly afterwards made arrangement to take up Missionary work in China.

Charge of Twenty-five Churches. Tsining has been Mr. Eames' home during his stay in the east. He has charge of twenty-five country churches, some of which are sixty miles apart. He visits them each twice a year, holding communion services, settling church affairs and in every way administering to their needs. There are three organized Presbyterian churches in the province which has a population of 5,000,000. When Mr. Eames first went to China he taught in the high school for one year.

During his eight years, Mr. Eames has baptised and taken into the church 36 members. Masterly task said Mr. Eames last night, as it has so many letters and characters. However, the former Jacksonville young man has been very successful in grasping the language which has redounded in a great measure to his success in the foreign field.

Sister Teaches at Chesoo. Miss Susan Eames, a sister of Rev. Mr. Eames, is also in China and is teaching at Chesoo which is about 4 1-2 days journey from Tsining. She has charge of 350 boys and girls and is enjoying her work very much. She will not be able to leave for a visit home until next year.

Interested in War. Mr. Eames is greatly interested in the war and its progress has been watched with keen interest by government officials of China. Considerable excitement was occasioned in the recent trouble with Japan, but conditions are again normal.

Sailing June 20th from Tsining, Mr. Eames took the ship Manchuria and landed July 20th on American soil. He visited the fair at San Francisco and his cousins, C. Harry Dunner and Dwight Smith, at Los Angeles, who formerly resided at Greenville, Ill.

One Year Vacation. Mr. Eames will have a vacation of one year, but his plans for the twelve months have not been decided. It is probable that he will communicate with the head office of the Presbyterian Missionary Board in New York city and that his services will be demanded for lectures in the various churches of the country. He will be in Jacksonville for three or four weeks and his many friends will be glad to welcome him back.

Will Return to China. Mr. Eames was not slow in stating that he expected to return to China when his furlough has ended. He sees great possibilities in the big empire across the seas, not only in religious lines but in a business way. The country is resourceful and the various articles which have appeared from time to time in the leading magazines upon the wonderful development possible to China are no in the least exaggerated, says Mr. Eames.

### WITH THE SICK.

Mrs. Edmund Blackburn who fell and fractured her hip last Saturday, is improving to some extent daily. The injury was such that she will necessarily be a sufferer for some time.

John Viera who was operated on for appendicitis several weeks ago shows but slight improvement although he is gaining some daily. From Lynnville comes word that J. D. F. Goveia, in bad health for a number of months, has for the past several days been seriously ill. His son, Paul Goveia, is sick at Passavant hospital, but gradually improving.

Mrs. Charles L. Smith of East State street is reported in serious condition. Mrs. Smith is suffering from typhoid fever.

RESIDENCE CHANGES. Mr. and Mrs. Harrison W. King will within a few weeks remove from Pine street to their own property, 1136 West State street, now occupied by Rev. H. D. French and family. Mr. and Mrs. Thomas Scott will occupy the present home of Mr. and Mrs. King, which they own.

CELEBRATES BIRTHDAY. Thomas O'Brien, one of the oldest and best known engineers on the railroad, celebrated his 60th anniversary Sunday. Mr. O'Brien began work on the Wabash in April 1870, and has a record that he can well be proud of, as he has been extremely fortunate in the way of wrecks. He is at present passenger engineer between Bluffs and Keokuk.—Bluffs Times.

## AUTOMOBILES NOW ADMITTED TO YELLOWSTONE PARK

Many Car Owners Anxious to Be First to Pass Through Entrance—James Barnes Writes of Interest in New Order.

James Barnes, who is traveling in the west with his mother, Mrs. C. A. Barnes, in a letter to his uncle, Felix Farrell, tells of the great throng of automobile owners there was waiting to enter Yellowstone Park August 1. Prior to that date it had been unlawful for any automobile to enter the park. Some time ago the law was changed and the date for it to become effective was fixed at August 1, 1915.

The letter was written July 28, and at that time there were 75 cars on the road leading to the park entrance waiting for the opening day. There had been quite a struggle for the honor of driving the first car through the park portals and there were still others who were very anxious to be as near first as possible. As the number quoted was recorded several days before the law became effective, no doubt the number had greatly increased when the date arrived.

It is predicted that for a time at least that accidents are likely. A number of stage coaches drawn by four horses are in operation in the park and it is said that many of these horses have never seen an automobile. The roads in much of the park on account of the rugged topography are steep and narrow, and this has been one of the reasons for the government's regulation barring the cars. But just as horses along the country roadways have within a comparatively short time become accustomed to the sight of automobiles and no longer "shy" at them, the same thing will no doubt happen in the park confines.

## MANY PRIZES OFFERED AT FRANKLIN HOME-COMING

Plans Are Being Completed For Big Event, Aug. 18-20.—Rest Room For General Public.

The committee in charge of the horse show to be held on Friday, Aug. 20, the last day of the homecoming at Franklin, has completed its program, says the Franklin Times and offers some of the best prizes ever hung up here for harness and halter events. All prizes will be paid in cash and there will be no charge for entry fee, so there should be some good ones out for the honor, cash and ribbons. There must be three entries in each class. All colts shown to be sucklings, and mares and geldings eligible in other events. The complete list is as follows:

**Morning.**  
Best draft horse colt—1st, \$4.00; 2nd, \$2.00.  
Best draft mare colt—1st, \$4.00; 2nd, \$2.00.

Best driving team—1st, \$8.00; 2nd, \$4.00.

The I. O. O. F. lodge room will be kept open for the convenience of Odd Fellows and Rebekahs and their families during the homecoming. Miss Bessie Hart will be in charge and will endeavor to make all visitors comfortable.

A rest room for the general public will be maintained in the rear part of the furniture store. The rest room was a popular feature with visitors last year and all possible will be done to provide for their comfort this year.

George Haynes and George Jolly went to Medora yesterday to attend their annual barbecue and homecoming and see just how the Medorians barbecue the meat for their guests, and our homecoming visitors can rest assured that they are going to bed on the "fat of the land" when the big barbecue dinner is served the first day. Donations continue to pour in and Dr. Metcalf is being ably assisted by willing helpers.

**ELLIOTT STATE BANK.**  
ALL SAVINGS DEPOSITS made during the first ten days in August will bear interest from the FIRST of the month.

## FILM PICTURE WILL BE TAKEN TODAY.

## CRIPPLE WALKS FAR.

Sheriff Graff went out to the residence of William Groves and returned with the colored man, who was injured in the Burlington wreck at Independence avenue some time ago and since has been a patient at Passavant hospital. The man has been out of doors only a day or two and had been allowed the privilege of walking about and traveled to the Groves home two miles and half west of the city. It was quite a walk for the man on crutches. He was returned to the hospital authorities.

## CUT LEG WITH KNIFE.

Arthur T. Davenport, of Pisgah, received a bad cut in his right leg Thursday, while working with a knife. He accidentally let the instrument slip and a gash four inches in length was cut in his leg. He was brought to Dr. Allen M. King's office in an automobile by Edward Tendick where he was given medical attention.
